

Name Jordan Moree
Credentials BSRT, RRT-NPS

Position Respiratory Therapist
School BSRC University of Texas Health Science Center San Antonio

Interest I have loved motorcycles since I was little. I've numerous bikes over the years both for the street and offroad. I'm a big fitness advocate and love working out. Snowboard trips during the winter and beach trips in the summer.

About Me: I have lived in Texas my whole life. I grew up just South of Dallas but went to college in San Antonio. I moved back to Dallas after graduation and worked at Children's Medical Center for 8 years before joining with RQS. I'm a dog dad to a crazy Weimaraner. I love helping people in anyway that I can and in my rare occasion of getting spare time I like to take a good nap.

What I do for RQS: I am a Respiratory Therapist. I provide the best care and service for our patients in their home. I train caregivers and family members so that they will feel comfortable caring for their loved ones.
