| Credentials | RRT |
| Position | Respiratory Therapist |
| School | Del Mar College-Corpus Christi |
| Interests | Spending quality time with my family, friends, and fur-Babies, rescuing and fostering dogs, going to Church and reading the Bible, helping others! |

A few sentences about you:

I have been a Respiratory Therapist for over 13 years. I worked in the hospital setting and have clinical experience in the ER, Adult ICU, Pediatric ICU, Neurologic ICU, and General floors. In 2017, I began working at the ALS Clinic in the Rio Grande Valley alongside RQS. It was then that I became very interested in working with the company because they provide great service and care to the patients they serve. In 2019, I was fortunate enough to be given the opportunity to accept a position here at RQS and I love what I am learning. It is a blessing to be able to care for these patient's needs.

What I do for RQS:

I am a Respiratory Therapist that is readily available to ensure high quality assistance and care for patients in their home setting. I deliver the best possible service to each patient in order to give them peace of mind and confidence that RQS will put their needs first!
